### Chamber Chatter Transit District Announces New Albany Service

General Manager John R. Worthington of the Alameda-Contra Costa Transit District has just announced an extension of the F-Shattuck Avenue line into Albany on Saturdays has been recommended by Worthington and a committee of transit directors headed by William H. Coburn, Jr. of Berkeley. The proposal will come before the full board for action today, and its acceptance is expected.

Selected schedules on the transbay Shattuck line would be extended from the terminal at The Alameda and Solano Avenue, via Solano Avenue, to San Pablo Avenue, to provide an hourly Saturday service. Half-hourly service on the line to Albany already is operated on weekdays. This extension was recommended to the transit board by former Councilwoman and mayor Mrs. Kathie S. Kahn some months ago.

The board of directors, also at the request of Mrs. Kahn, has approved extending the line to San Pablo and Solano Avenues for hourly evening service.

Both extensions to the F-line are tentatively scheduled to go into effect Sept. 17. Worthington said, and will give Albany residents hourly service direct to San Francisco Monday through Saturday, and seven nights a week.

### East Bay MUD Sets Same Tax Rate For 61-62

For the seventh straight year the East Bay Municipal Utility District will hold the line on taxes. The water tax rate will remain at 20 cents per \$100 of assessed valuation.

The rate for the fiscal year ending June 30, 1962 was set Friday, Aug. 25 by EBMUD's board of directors.

There has been no change in the utility's tax rate since the 1955-56 fiscal year, despite the fact that EBMUD, in 1958, began a \$283 million water development program, financed primarily through a \$252 million general obligation bond issue.

Since 1930, EBMUD's tax rate has dropped 60 per cent. The last change was in 1954-55 when the tax rate was cut from 25 to 20 cents.

The directors also voted Friday to retain the 8 cent tax rate for Special District No. 1. This district intercepts, treats and disposes of sewage from the Cities of Alameda, Albany, Berkeley, Emeryville, Oakland and Piedmont.

There has been no change in the sewer tax rate since 1956-57.

## PRE-SCHOOL PLEA ON BUDGET IS DENIED

Request for restoration of a pay cut for Mrs. Nell Curran, Director of the Albany Pre-School, was denied by the city council at its regular meeting Monday night.

The request came from members of the Pre-School Mothers club who have been contributing to her salary, and were upset over the fact that while they had been striving to show their appreciation of Mrs. Curran's services, the council had stricken from the budget an amount equivalent to their contribution. Apparently this was the only case of a pay cut noted in the entire budget. The amount was approximately \$43 per month.

A committee from the council has met several times with representatives of the Mothers, but without success. Councilman Paul Boychik read the committee's final report in which it was recommended that there be no change in the budget. A motion to deny any change was made by Boychik, and seconded by Vice-Mayor Hein. The vote was Boychik, Hein and Mayor Carleyvaro in favor of the denial, with Councilmen Howell and Parker voting "No."

During the discussion Councilman Howell supported the move to restore the pay cut as unnecessary and unfair. Councilman Boychik asked the city attorney for a ruling on whether or not contributions to the salaries of city employees was legal, and was informed by Attorney Foley that they were.

The argument arose over the fact that in making up the budget Mrs. Curran's pay was taken as a whole, including the voluntary contributions raised by the Mothers. They had raised their voluntary monthly payment, and this was taken as a "pay increase" in making up the budget and was, therefore, taken off Mrs. Curran's allotted pay in view of the budget policy of not raising any city salaries this year.

In other important action the council, having been called to order at the usual time, was recessed by the Mayor to permit the Planning and Zoning Commission to hold a special meeting on a request for variances by the St. Alban's Episcopal Church, which plans major additions to its present building at 1501 Washington.

The church had requested a variance granted by both the Planning and Zoning Commission and the city council, the required variances, but had delayed asking for a building permit pending final financing arrangements. Meanwhile the new zoning ordinance had been adopted and the variances required new action before a permit could be issued.

Chairman Call presided at the special meeting of the commission and, after considerable discussion, and after hearing a letter of recommendation by Administrator Turner, it was moved by Mrs. Foott, seconded by Commissioner Jacobson, that the variances be granted subject to the recommendations in Turner's letter. The vote was unanimously in favor, although there was some criticism of there being no off-street parking available.

The council was again called to order at 8:26 by Mayor Carleyvaro, and action of the Planning and Zoning Commission was approved by unanimous vote.

In the only other controversial action the council split on a motion by Boychik, seconded by Hein to have a title search of the property adjoining the city's tide lands. The City Administrator had reported such a search would cost \$300. Chairman of the Finance Committee Howell, raised the question of where the \$300 was to come from, as it was not included in the budget. Howell declared that some item in the budget would have to suffer if this \$300 item should be approved. He said he did not believe this title search would serve a useful purpose at this time, and that there were developments in planning should make it desirable, it could be done at any time. On the vote the title search was approved.

# Chester Luchessa Gets Cash Award At Livermore Plant

The Livermore Monitoring Station of the Federal Communications Commission announced today that one of its Electronic Engineers, Chester M. Luchessa, has been presented with a cash award of \$260 for Sustained Superior Performance. The check was accompanied by an official letter of commendation from F.C.C. Chairman, Newton N. Minow. The award was based on a number of performance standards, including: Projects completed. Design and construction of new equipment. Use of highly specialized precision equipment, and the instruction of subordinates in use of monitoring and communication equipment.

In addition to normal duties, Engineer Luchessa designed and constructed special electronic components, not immediately available on the open market, in order to bring about an improvement in the reception of radio signals at the monitoring station, thus making it possible to intercept weaker and more distant signals. He also developed other equipment including a bandpass filter used in conjunction with previously available equipment to permit precise frequency measurement of complex radio signals.

Luchessa received a \$25 award last November as a result of his suggestion for a simple Transmission Line Bridge which can be used in matching coaxial lines, one

of which has an unknown impedance.

Engineer Luchessa, whose home is in Albany, California, has been with the Livermore Monitoring Station since January, 1954, previous to which time he was in charge of examinations at the Commission's San Francisco District Office.

### CHURCHES

#### CHRISTIAN SCIENCE

Strong assurance of man's God-given right to conquer every form of evil will be given Sunday in Christian Science church services. Paul's striking words to the

Romans (8) are included in the Bible readings in the Lesson-Sermon entitled "Man"; "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? ... Nay, in all these things we are more than conquerors through him that loved us."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (pp. 203,304):

"Spiritual man is the image or idea of God, an idea which cannot be lost nor separated from its divine Principle. When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth."

Christian Science Society of Albany 1. meeting at 533 San Pablo Avenue. The Sunday Morning Services are held at 11 a.m. and the Wednesday Evening Meetings are at 8 p.m. The Sunday School convenes every Sunday Morning at 11 o'clock. All are invited to come to the Sunday Morning Services and Wednesday Evening Meetings. We also invite all children to come to our Sunday School.

#### GRACE LUTHERAN

At Grace Lutheran Church, Santa Fe Avenue at Ward, the Rev. O. R. Janke, pastor, will speak in both the 9:30 a.m. and 11 a.m. services next Sunday on the topic, "Life Does Make Sense."

The lesson topic for the graded classes of the Sunday school meeting at 9:30 a.m. will be, "The Good King Hezekiah." The parish Bible classes meet at the same hour.

#### NORTHMINSTER PRESBYTERIAN

Rev. James B. Hubbell will preach the sermon on Sunday September 3, at 10 a.m. Mrs. Marie Howe will play the organ.

All children of the Church School are requested to be present at the 10 o'clock worship service for Promotion Exercises.

Child care is provided during the worship service for the benefit of those who have pre-school children.

ALBANY

#### MONOPOLY

is frowned on by our Government because of the danger of abuse. However, there is a blameless kind of monopoly to which we aspire. It is, to do more of everything for our people than anyone else, and as far as possible to monopolize their good will. This is a goal. We have not reached it yet, but we are moving in that direction. May we include you?

## Four Albany High Students Attend Music Camp

Four Albany High School stu  
dents are now attending the Caz  
adero Music Camp. The Albany  
Band Boosters Club awarded four  
scholarships to the Music Camp  
this year. They were awarded to  
Anita Schaefer, Susan Straka,  
John Bennett, and Chris Calder  
head.

These students receive musical  
instruction daily for the 12 days  
of camp. They work in either the  
orchestra, band or choral group.  
Two concerts are given, August  
19 and September 1, the latter at  
8 p.m. in the outdoor theatre.  
The directors for these concerts  
are.

Orchestra: John Mortarotti,  
Skyline High School, Oakland;  
Thomas Haynes, Berkeley High  
School.

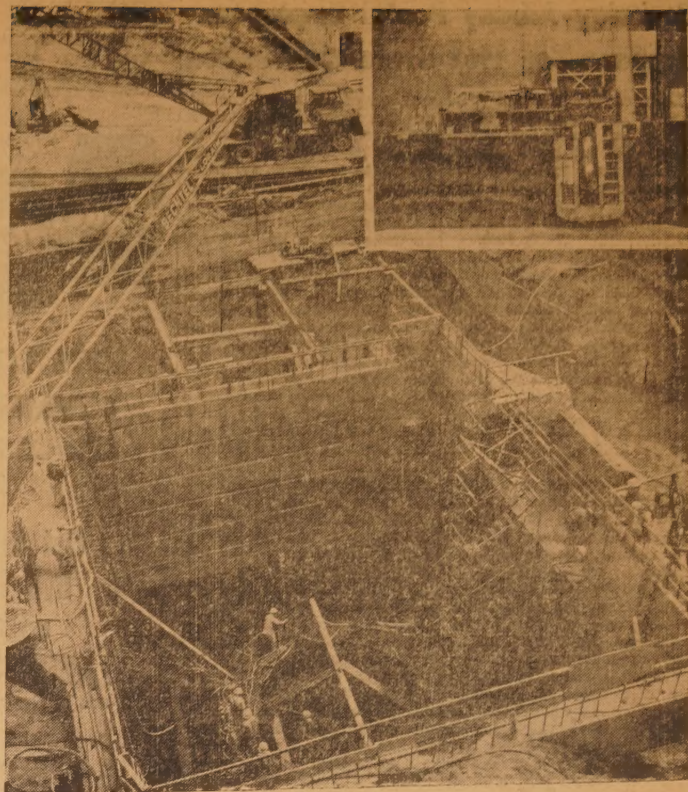

Choral: Lee Kjelson, Alameda  
State College; Donald Headley,  
El Cerrito High School; (Elaine  
Blum, Yuba City High School,  
Accompanist).

Band: James Berdahl, Univer  
sity of California; Jack Browne,  
Chico State College; Robert Lutt,  
Berkeley High School.

Rosario Mazzeo, of the Boston  
Symphony Orchestra will be di

chestra and band at the Friday  
night concert.

In addition to these notable di

Francisco Symphony Orchestra  
have been working and playing  
with these young people.

To the student, working with  
such accomplished musicians is a  
real challenge and an enriching  
experience. To the listening audi  
ence at the concerts, it is truly  
thrilling to hear these magnifi  
cent concerts, see the seriousness  
with which these young people  
pursue their music, and to enjoy  
it all among the redwoods.

## Berkeley-Albany Postal Employees Prepare For 1962 State Convention

Letter carriers of Berkeley and Albany, University Branch 863 of the National Association of Letter Carriers, are busily engaged in working out plans for the 29th biennial convention of the California State Association of Letter Carriers, NALC, to be held in Berkeley, May 17-20, 1962.

Berkeley was awarded this convention at the San Diego convention in 1960. The local branch immediately appointed Bob DuSelle of Richmond as general chairman and Postmaster Frank S. Spire of Berkeley as honorary chairman. Committee chairmen of the various activities include: Entertainment, Al Chaquette; Advertising, George Armstrong; Housing, Bob Hedberg; Secretary and Liaison for the State, Joe Fox; Old Timers activities, Tom Dowd; Registration, Herman Leibfort; Ways and Means, Gene Savio; Badges, Chas. Pagter. At the present time, publicity is being handled by chairman DuSelle.

Of special interest to members of the Berkeley branch and surrounding cities of the Bay Area, is the fact that this will be the first convention held in Berkeley since 1924. It was at this convention that the California State Association really got started and today boasts a membership in excess of 13,000 members.

The convention and Tourist bureau of the Berkeley chamber of commerce is working on formulating the convention plans with

members of the branch committees and from all indications it will be one of the biggest conventions in the history of the state association. Merchants and manufacturers of Berkeley and Albany are being asked to lend their moral and financial support to the undertaking of this project.

Plans to date call for the convention to be held May 17-20 of 1962, with a registration fee of \$6.00. Headquarters will be in the Claremont Hotel. There will be a stag show on Thursday evening of the 17th with business sessions and registration opening on Friday the 18th. Friday evening there will be a reception in the "Straw Monkey" of the Claremont and a variety show will follow. Saturday will see tours for the delegates and Saturday night there will be a banquet and dancing in the garden room. Del Courtney and his orchestra will provide the will adjourn around noon and delegates will make their way to their respective home cities with the knowledge that Berkeley is indeed a hospitable city in which to hold conventions.

At the same time and at the same hotel the Ladies Auxiliary 363, of the local branch, will play host to the Ladies State Auxiliary. Mrs. Aileen Savio is chairman of the ladies activities and she will be assisted by her co-chairman, Mrs. Maxine Fox. This will be the 19th biennial convention for the ladies.

## Churchmen Select New Secretary

Berkeley-Albany Council of Churches today announced the selection of the Rev. Dr. Bruce K. Wood as its new executive secretary.

at a public reception from 4 to 6 p.m., on Sunday, Sept. 10, at the First Presbyterian Church, Dana and Channing Way. Melvin Swartz of the Pacific School of Religion is general chairman for the reception.

## Operation Coffeecup

home of Mrs. Ralph Owen, 81 Sunset Terrace.
